HUMANITARIAN AID & RELIEF CENTRE

# MONTHLY BULLETIN

AUGUST 2022

# SIDE BY SIDE WITH UKRAINIAN REFUGEES

KSrelief recently handed over medical equipment to provide health care support for Ukrainian refugees in Poland; the aid is part of a **USD 10 million** grant from Saudi Arabia. USD 5 million of the grant was allocated through KSrelief to WHO, and USD 5 million to UNHCR. The aid targeted more than one million beneficiaries.

The equipment was being provided to support the medical staff working to care for Ukrainian refugees. The grant exemplified Saudi Arabia's ongoing commitment to providing vital aid and services to people in need wherever they live. The goal of KSrelief's ongoing work with its humanitarian partners is to broaden the scope of its work to help alleviate more suffering and improve more lives, particularly among refugee and displaced groups.

“The Kingdom of Saudi Arabia's support for Ukrainian refugees in Poland and neighboring countries is an extension of its ongoing humanitarian commitment to helping refugees and other crisis-affected people around the world.”

SUPERVISOR GENERAL OF KSRELIEF,  
**DR. ABDULLAH AL RABEEAH**
